Why choose Ingenico SoftPOS as a Bank or Acquirer?

More merchants, more revenue, made simple.

Transform the way merchants and micro-businesses accept payments with a flexible, software-driven solution that breaks barriers. Ingenico SoftPOS empowers banks and acquirers to reach micro-businesses and pop-ups effortlessly—no extra hardware, no delays. Fast-track onboarding with instant mobile activation, simplify integration with adaptable APIs and SDKs, and cut costs while maximizing returns. Seamlessly tap into the contactless revolution and watch transaction volumes soar.

"SoftPOS cut our onboarding time in half and slashed costs by 45% - a game-changer for scaling efficiently."

Why Ingenico SoftPOS is the smart choice for Merchants?

Payments made simple—no extra hardware, no hassle.

Turn any smartphone into a secure payment terminal and accept transactions anywhere. Ingenico SoftPOS eliminates the need for extra equipment, making setup instant and seamless. Process payments on the go—whether in-store, on deliveries, or at a market stall. With built-in security and fast, reliable transactions, you get a flexible, software-driven solution that keeps your business moving.

With SoftPOS, I never miss a sale - no equipment, affordable, and seamless transactions!

How Ingenico SoftPOS empowers Retailers

More payments, more mobility, zero barriers.

Ingenico SoftPOS transforms any mobile device into a powerful payment add-on, seamlessly enhancing existing systems for secure transactions—whether in-store, at events, or on the go. Designed for effortless integration, it works smoothly with POS and e-commerce platforms, expanding payment capabilities without hardware constraints or provider restrictions. Backed by PCI DSS, Tap-to-Phone, and PIN certifications, it ensures frictionless payments with built-in security and compliance.

"SoftPOS grew from a backup to our primary payment tool - driving 100x volume and 80% adoption. It changed how we do business."

Turn any smart NFC device into a secure payment acceptance solution
