Embracing digital  
over paper

ingenico

# The future of payment transactions is paperless

Say goodbye to paper receipts and say hello to the power of paperless by moving onto on-device payment acceptance to online receipt management in seconds.

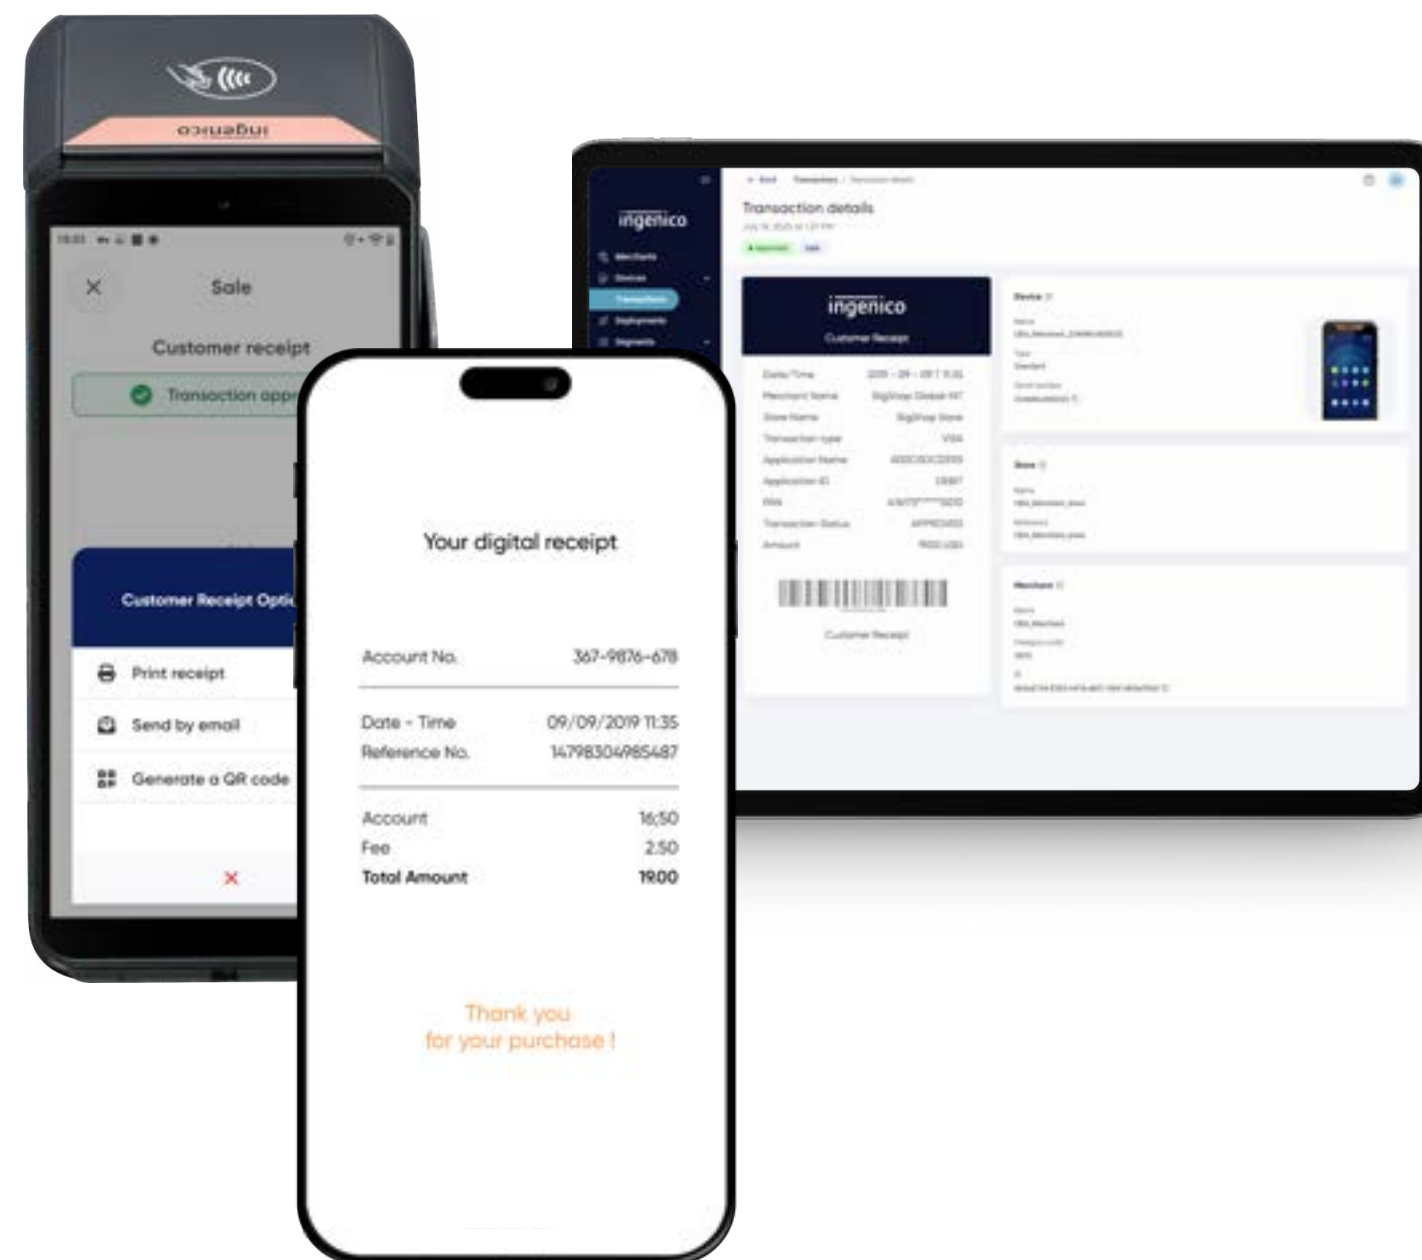

Give your merchants the ultimate payment flexibility with our fleet of terminal devices and enhance their experience through our Ingenico Digital Receipt offering.

## Accept and Enhance payments with Digital Receipt

The shift from paper to digital receipts provides merchants with on-the-go acceptance with cloud receipts solution, making it easier to retrieve receipts and streamline daily transaction reconciliation.

In summary, digital receipts boost efficiency, cut costs and add value, creating a more efficient and impactful experience for the merchant.

Upgrade to digital receipts with Ingenico and offer merchants with a simple solution that solves several challenges at once, bringing instant impact to both merchants and consumers.

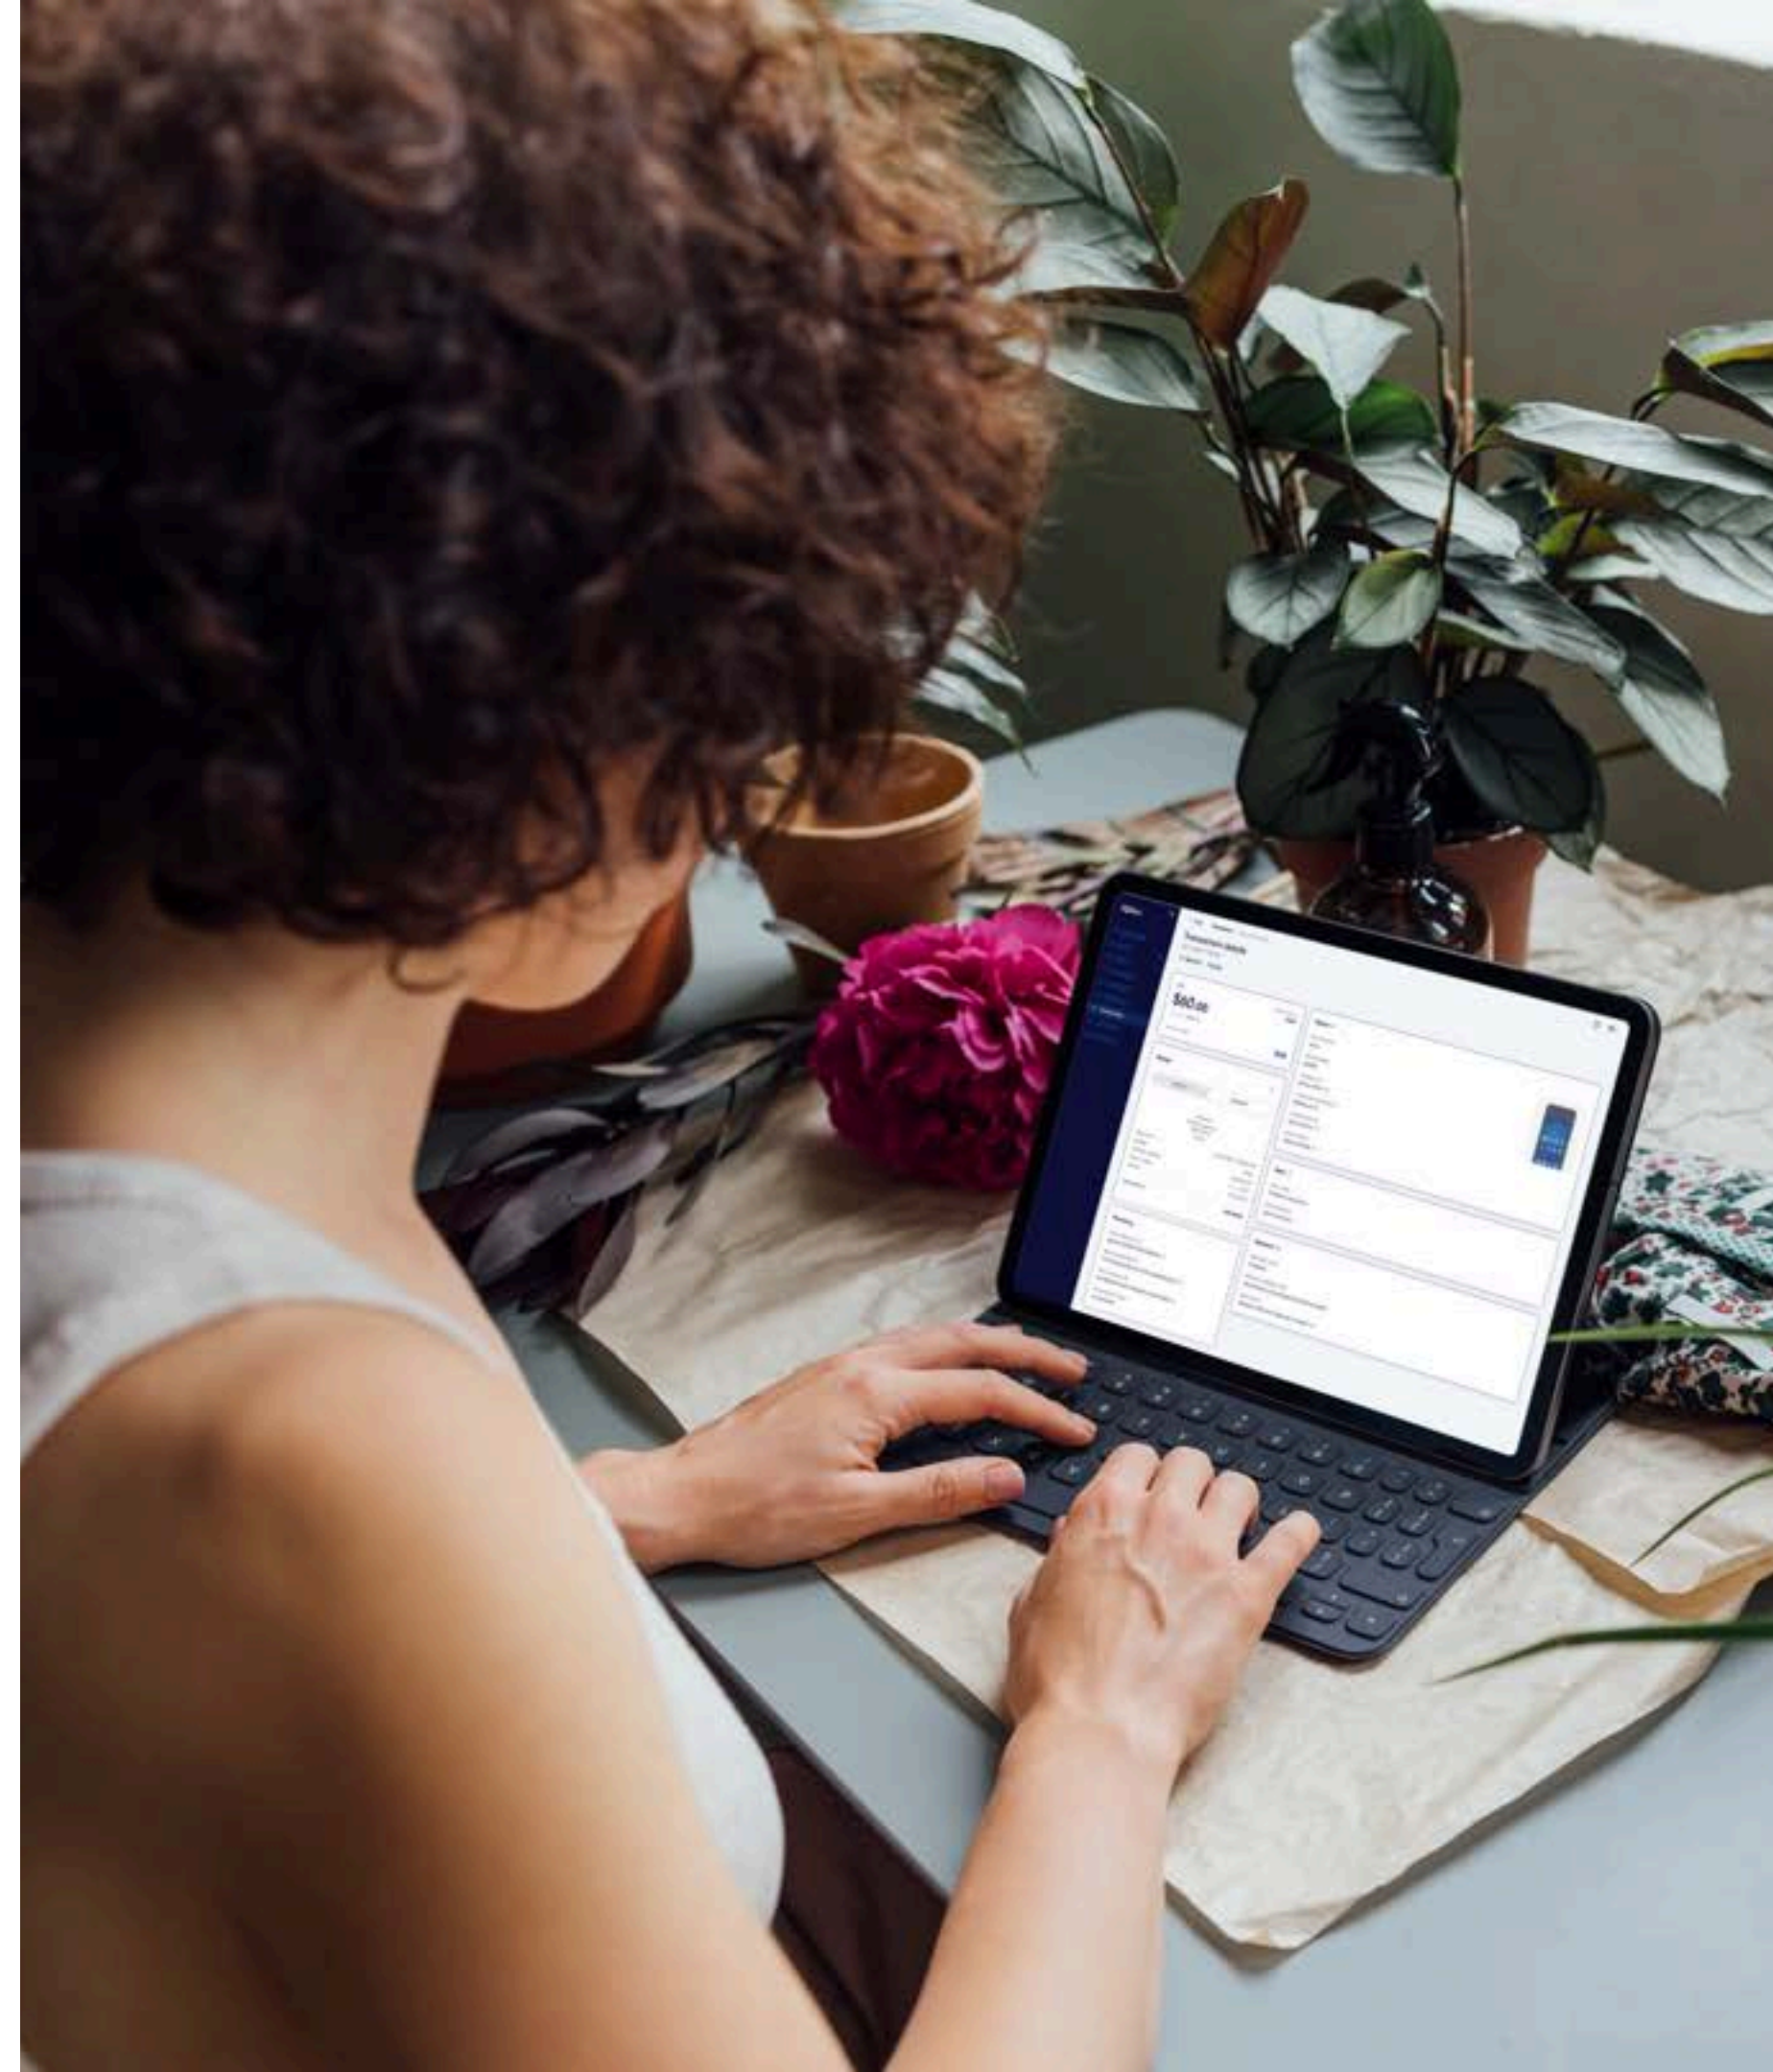

# Benefits for merchants

## Digitized card transaction receipts and gain more control with less paperwork

- Eliminate storage headaches and simplify chargeback management with on-the-go payment acceptance on cloud receipts solution.
- Easily access transaction history from our secure and user-friendly portal.
- Efficiently manage transaction reconciliation for seamless accounting and auditing processes.
- Grow revenue with zero paper waste.

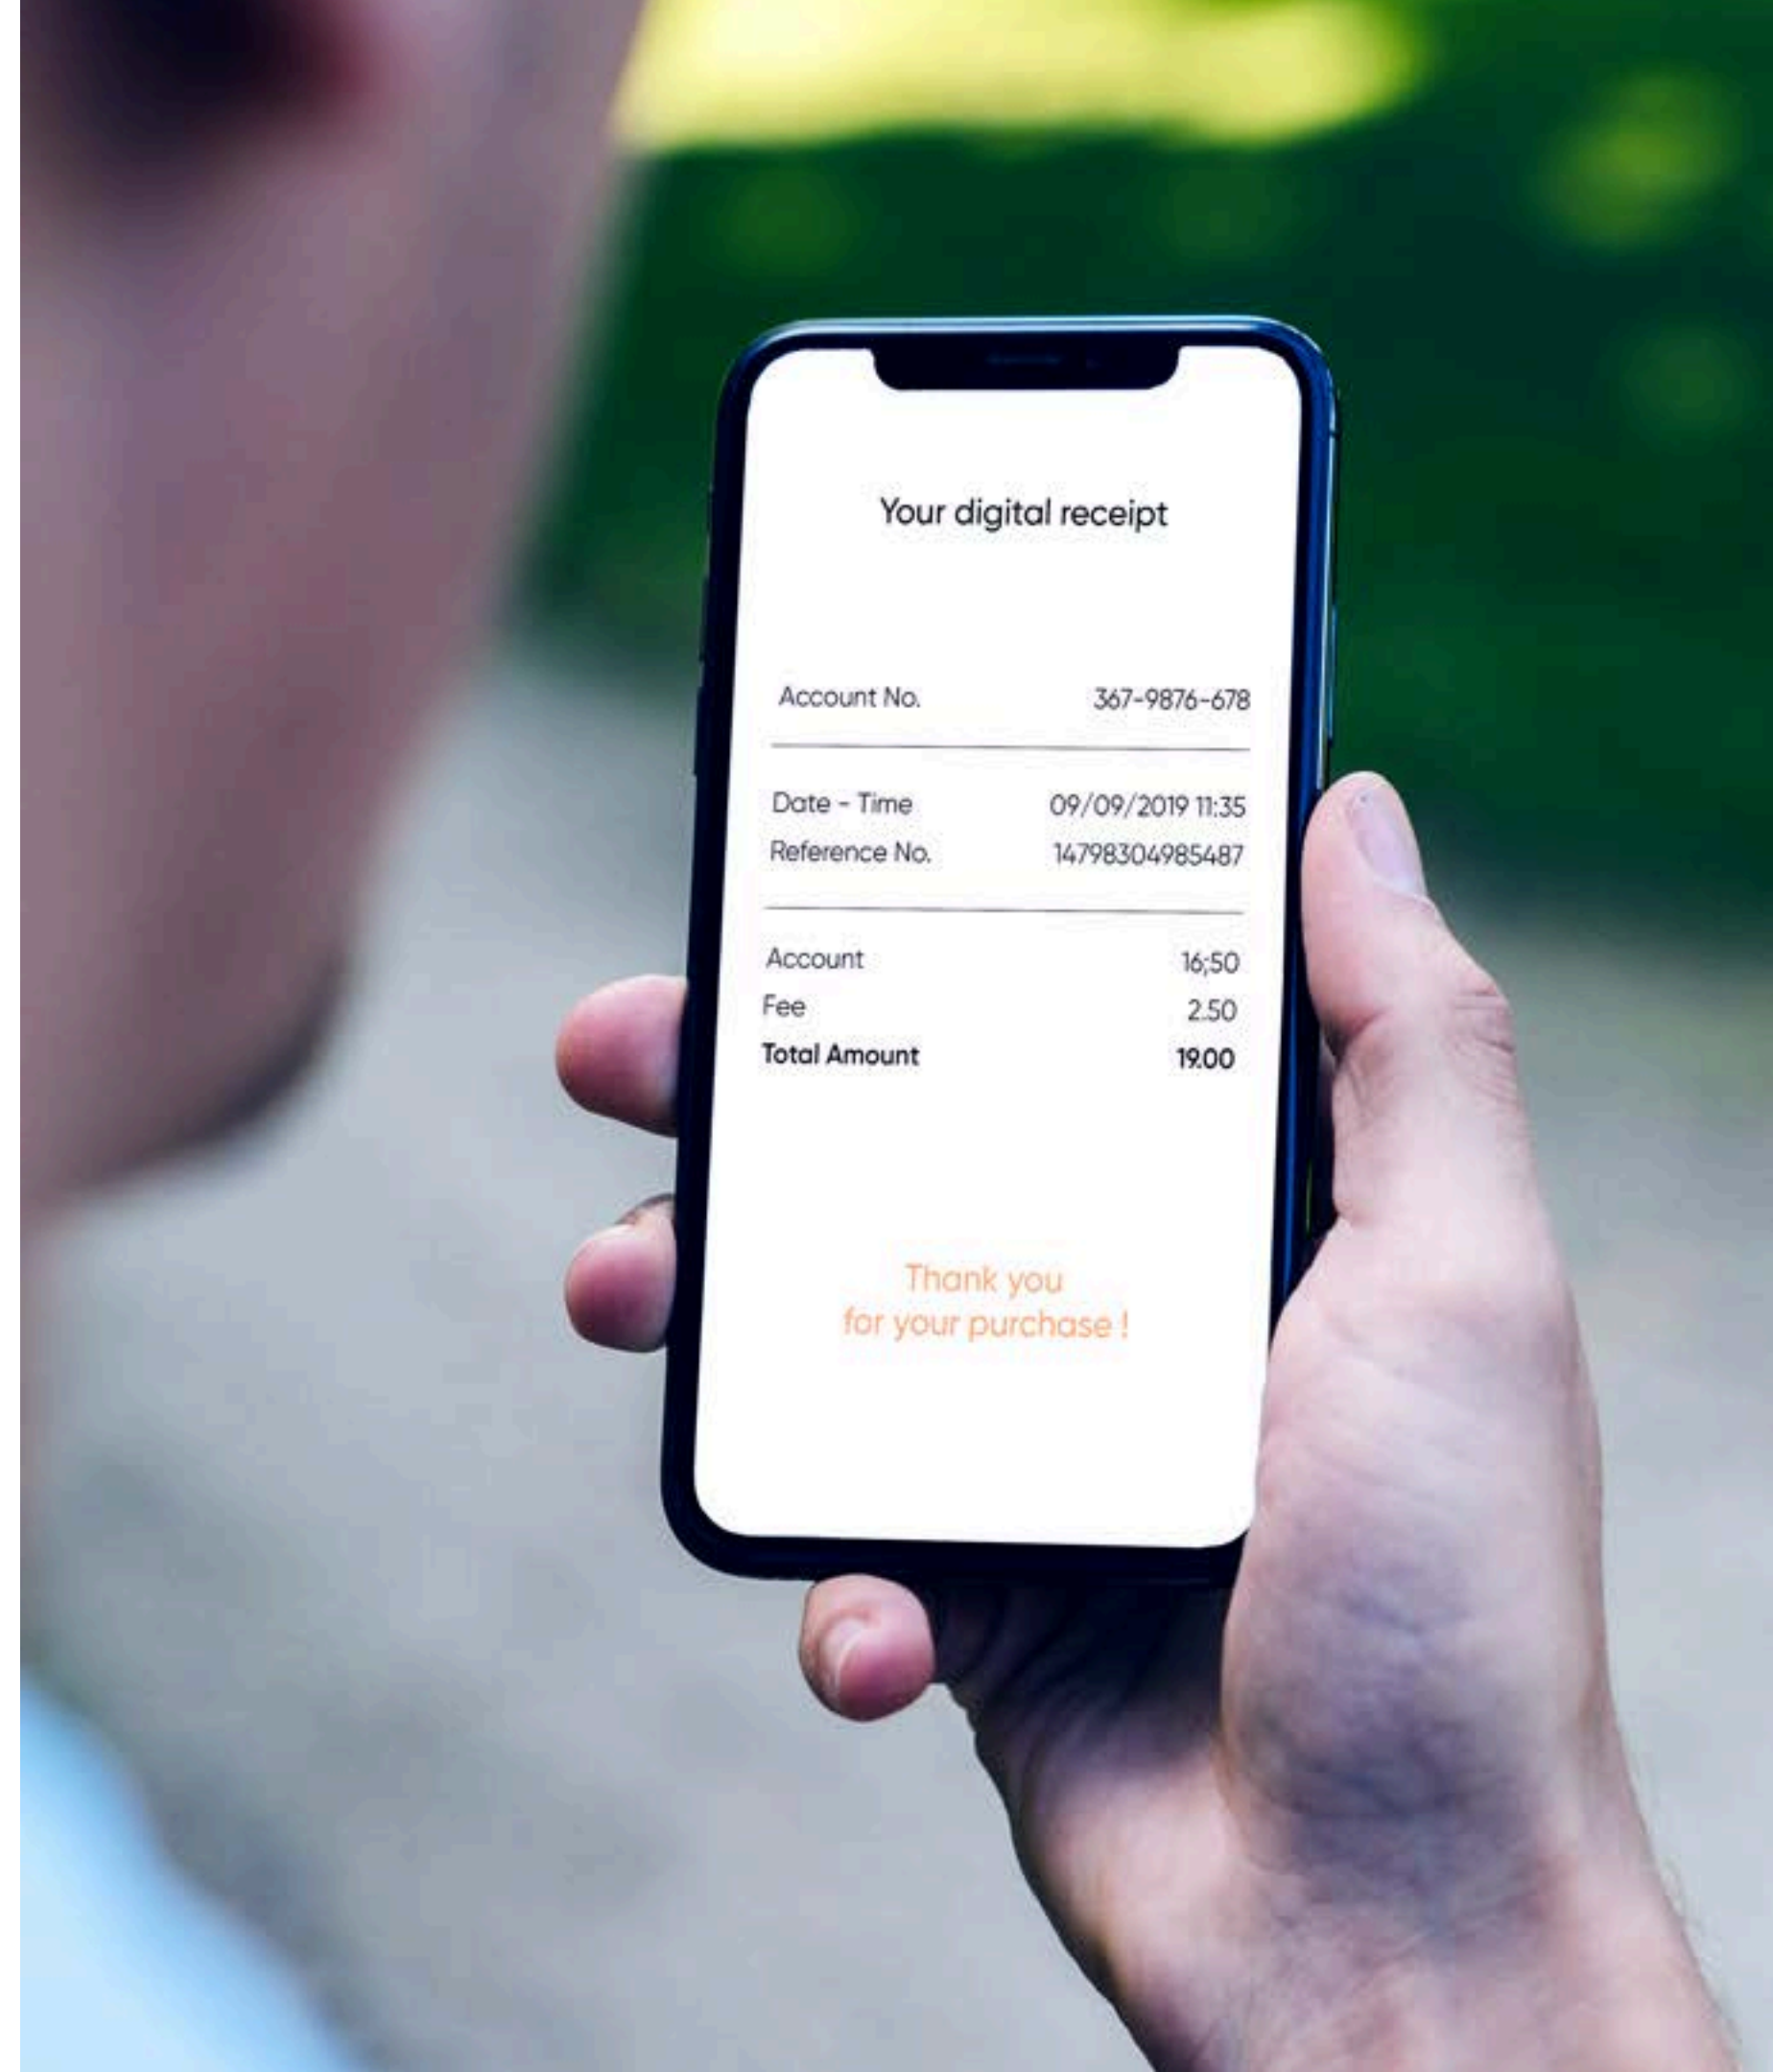

# Benefits for customers

## Eliminate wallet clutter with digital check-out

- Provide consumers with an immediate and secure record of their purchases.
- Choose trusted delivery options available: QR code, SMS (upon request) and Email.
- Opt for a fast-track anonymous mode by simply scanning the merchant-generated QR code.
- Guaranteed secure receipt storage.

# Our solution in a nutshell
